

LET US DO THE HEAVY LIFTING

There's nothing you want more than to see your **excited borrowers** moving into their new home. At **NORTH AMERICAN TITLE**, we effectively handle the biggest obstacles between your borrower and the closing.

We accomplish this by focusing on what matters to you and your clients.

COMMUNICATION

Our associates are the critical link to all parties in the transaction, as we move towards the closing or signoff. Because of the role we play, we believe communication isn't "one thing," it is "everything." We understand that you can't do your job effectively if you don't have the information you need to get the transaction to the closing or signoff. Keeping you informed of our progress, what is needed for closing and any issues that arise is our **Number 1** priority.

DILIGENCE

We are diligent in making sure every "i" is dotted and every "t" is crossed BEFORE you get to the closing.

- Our primary goal is to deliver a marketable title to ensure your clients' future homeownership and to protect your investment.
- Our staff of experienced associates are trained to protect your clients' nonpublic personal information and prevent fraud.
- We have implemented strict standards for our processes and procedures that earned us a Certificate of Compliance from Aprio, an independent accounting firm that pioneered ALTA Best Practices compliance testing and reporting.

EDUCATION

Your clients are not mortgage experts. That's why you spend valuable time teaching them about the mortgage process. We consider ourselves your allies in that process. We can provide you with a wealth of helpful materials to effectively prepare them for the **BIG DAY**.
